Claims 11, 34, 35, 60, 61, 84 and 85 have been previously canceled. Claims 1-10, 13-33, 37-59, 63-67, 69-83, 87-91 and 93-100 are now pending in the application.

EXAMINER'S AMENDMENT

6. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 88, please replace

"The method of claim 86"

-- The method of claim 77 --

Allowable Subject Matter

7. Claims 1-10, 13-33, 37-59, 63-67, 69-83, 87-91 and 93-100 are allowed.

The following is an examiner's statement of reasons for allowance:

Contemporary prior art (such as, for instance, col. 1, lines 26-36 and col. 2, lines 35-47 of **Shwe et al.**, U.S. Patent 6,560,590) discloses the use of agents which can be used in order to automatically *receive* questions and attempt to provide answers to the questions, but fail to disclose the feature of a processing device and method which automatically generates and transmits a natural language question to a chat room or an on-line bulletin board in order to obtain information about a product, products, service or services, as in independent claims 1, 18, 27, 42, 51 and 77.

These features, together with the other limitations of the independent claims are novel and non-obvious over the prior art of record. The dependent claims 2-10, 13-17, 19-26, 28-33, 37-41, 43-50, 52-59, 63-67, 69-76, 78-83, 87-91 and 93-100, being definite,

enabled by the specification, and further limiting to the independent claim, are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
